Key Insight: Market-Wide Slowdown

Recommendations

The market shows a consistent slowdown across all segments, suggesting that external market conditions or ineffective marketing strategies may be limiting demand and slowing property sales.

- Analyze external factors affecting market demand
- Improve marketing exposure and visibility
- Align properties with current market needs
- Target high-demand segments to reduce Days on Market

Features

Bedrooms

- 1-2 Rooms
- 3-4 Rooms
- 5-6 Romms
- Not residential
